Hospital-Based Child Find Specialists can assist you by:

- Working collaboratively with all Metro & UH providers to identify children in need of HMG services
- Connecting eligible children affiliated with Metro & UH to HMG in their county of residence
- Serving as the liaison between Metro & UH professionals, families, and HMG professionals to ensure that all parties are working collaboratively to meet the needs of the child and ensuring continuity of care
- Providing discharge summaries and medical records with signed release
- Sharing IFSP results with Metro & UH providers with signed release and upon request
- Providing ongoing education about HMG services to Metro & UH staff
